Dear Principal,

In July 2025, Group Captain Shubhanshu Shukla, a distinguished test pilot of the Indian Air Force and one of ISRO's selected Gaganyatris, undertook a historic mission to the International Space Station (ISS), orbiting Earth at an altitude of 400 km. His extraordinary journey, grounded in years of discipline, perseverance, and dedication, embodies the very ideals of curiosity, courage, and excellence.

The Council for the Indian School Certificate Examinations (CISCE) takes great pride in celebrating the remarkable achievements of **Group Captain Shubhanshu Shukla**, a former student at City Montessori School, Lucknow and one of CISCE's most distinguished alumnus.

As part of the **CISCE Inspire Webinar Series**, we are delighted to announce a special interactive session with **Group Captain Shubhanshu Shukla** titled '*Igniting Minds, Exploring Frontiers: The Convergence of Space, Education, and Industry*' to be held on **10 October 2025** from **11:00 am to 12:30 noon**.

The event will be streamed live through the official YouTube channel of CISCE at <https://www.youtube.com/@CISCEDELHI> and across the CISCE's official social media platforms. Heads of schools may arrange for students to watch this insightful Webinar live, either in classrooms or in the auditorium. Schools are requested to actively share this information in advance with students, alumni, teachers, parents, and well-wishers of the School and CISCE community.

CISCE urges its affiliated schools to extend proactive support and ensure active participation in the discussion through the given YouTube channel, enabling all our students and teachers to benefit from the inspiring journey of Group Captain Shubhanshu Shukla.
